BURGESS PET CARE

A BRITISH FAMILY COMPANY, CARING FOR ANIMALS FOR GENERATIONS

We're a proud, independent, family-owned business based in the heart of Yorkshire, with roots in farming and animal care stretching back over 300 years. Today, we combine that heritage with nutritional science to create high-quality food that helps pets live happy and healthy lives.

Every recipe we make is developed by our in-house experts, including vets and nutritionists, so you can trust that what's in the bowl is carefully balanced and backed by science.

Our Burgess Excel range has been supporting small animal health since 1998, when we pioneered the first single-component nugget for rabbits to help prevent selective feeding. We've championed nuggets over muesli ever since because better nutrition means better welfare.

SUPPORTING ANIMAL WELFARE ALL YEAR ROUND

Education is just as important as nutrition. That's why we created Rabbit Awareness Week and Guinea Pig Awareness Week, worldwide campaigns designed to help owners understand how to properly feed, house, and enrich their pets.

Each year, thousands of owners, vets, retailers, and charities get involved through:

- Free care guides
- Downloadable activity & education packs
- Posters and social content
- Fun games for families
- Expert advice and welfare tips

And the support doesn't stop when the week ends, our resources are available all year round to help every rabbit and guinea pig thrive.

MINI BALES

THE ULTIMATE BOREDOM BREAKER
FOR SMALL ANIMALS

THE EXCEL FIVE STEP FEEDING PLAN

RABBITS, GUINEA PIGS AND CHINCHILLAS ARE CLASSED AS FIBREVORES AND REQUIRE A DIET HIGH IN FIBRE. THERE ARE 5 COMPONENTS THAT MAKE UP THESE ANIMAL'S DAILY FOOD INTAKE AND THEY ARE EXPLAINED USING OUR 5 STEP FEEDING PLAN. FOLLOW THIS AND YOU CANNOT GO WRONG!

**FEEDING
HAY**

EXCEL FEEDING HAY & GRASS

High-quality, dust extracted feeding hay or fresh grass should make up 85-90% of your Fibrevore's diet. You should make sure that this is freely available and replenished daily.

.....

**EXCEL
NUGGETS**

EXCEL TASTY NUGGETS

Should be fed as a supplement alongside feeding hay or fresh grass to ensure Fibrevores get all the minerals they need. Where possible you should choose a nugget that is suited to your animals life stage and these should make up around 5% of their daily food intake.

.....

**NATURE
SNACKS**

EXCEL NATURE SNACKS

Nature snacks can be fed in small amounts either by hand to help with bonding, left in their housing to keep your animals occupied or sprinkled through feeding hay to encourage foraging.

.....

**FRESH
GREENS**

FRESH GREENS

Fresh greens can be fed as a treat to add variety and to provide additional nutrition. Rabbits, Guinea Pigs and Chinchillas* can eat a range of fresh vegetables and fruits. Fresh greens should make up around 5% of their daily food intake.

*Too much fresh material may lead to digestive issues in chinchillas. Always ensure you introduce it gradually and feed in very small amounts.

.....

**FRESH
WATER**

FRESH WATER

Fresh water should always be available. This can be provided in both a bowl and/or a bottle. Change it daily and ensure it hasn't frozen in winter months or got too hot in summer months.

EXCEL RABBIT NUGGETS

EXCEL JUNIOR AND DWARF RABBIT NUGGETS WITH MINT

A delicious, complementary food for young rabbits which is also perfect for dwarf rabbits, packed with nutrients suited for your rabbits' faster metabolism. They are high in protein and fibre, and rich in nutrients for strong, happy, healthy rabbits.

- High in Beneficial Fibre (39%)
- Prevents selective feeding
- Contains prebiotics to help support digestive health
- Fortified with vitamins and minerals to help support healthy eyes, skin and coat
- With oregano for extra tasty nuggets
- Contains antioxidants to help support the immune system

Analytical Constituents: Beneficial Fibre 39%, Crude Protein 13%, Crude Fat 4%, Crude Fibre 19%, Crude Ash 7.5%, Calcium 0.8%, Phosphorus 0.5%, Sodium 0.18%. **Composition:** Grass Meal, Wholegrain Wheat, Oatfeed, Soya Bean Hulls*, Wheat Feed, Dried Peas, Dried Lucerne, Yeast (Brewer's Yeast and Grains), Soya Oil*, Dicalcium Phosphate, Calcium Carbonate, Monocalcium Phosphate, Salt, Short Chain Fructo-Oligosaccharides (Prebiotic Fos 0.25%), Lignocellulose, Dried Oregano (0.06%). *Produced from genetically modified soya.

EXCEL INDOOR ADULT RABBIT NUGGETS

While indoor rabbits might roam the lounge rather than the great outdoors, they still need to get all the nutrients from their diet that a rabbit would find grazing in the wild. With vitamin D, dandelion and nettle, our Indoor Rabbit Nuggets have been specifically formulated for your rabbits' needs. These tasty nuggets are a complementary food and should be fed as part of the vet recommended Excel Feeding Plan to ensure your rabbits get all they need to help them stay happy and healthy.

- Prevents selective feeding
- High in Beneficial Fibre (40%)
- Contains prebiotics to help support the immune system and healthy gut bacteria
- With vitamin D to help support healthy skin, teeth and bones
- Nettle and dandelion are great sources of vitamins and minerals which help support all round health

Analytical Constituents: Beneficial Fibre 40%, Crude Protein 14%, Crude Fat 4%, Crude Fibre 20%, Crude Ash 7.5%, Calcium 0.8%, Phosphorus 0.5%, Sodium 0.16%. **Composition:** Grass Meal, Wholegrain Wheat, Oatfeed, Soya Bean Hulls*, Sunflower Seed Meal, Yeast (Brewer's Yeast and Grains), Soya Oil*, Calcium Carbonate, Dicalcium Phosphate, Monocalcium Phosphate, Salt, Short Chain Fructo-Oligosaccharides (Prebiotic Fos 0.25%), Dried Nettle (0.2%), Dried Dandelion (0.2%). *Produced from genetically modified soya.

EXCEL RABBIT NUGGETS

EXCEL NATURE'S BLEND ADULT RABBIT NUGGETS WITH HEDGEROW HERBS

A mix of nutritious grasses and vitamin rich hedgerow ingredients, Excel Nature's Blend Nuggets is a complementary food made with our unique blend of grass, herbs, plants and other forage ingredients, to replicate your rabbits' natural foraging.

- Prevents selective feeding
- High in Beneficial Fibre (37%)
- Lucerne extract helps to support eye health
- Contains prebiotics to help support digestive health
- Made with extra tasty hedgerow herbs including nettle, dandelion and lemon balm

Analytical Constituents: Beneficial Fibre 37%, Crude Protein 12.5%, Crude Fat 3.5%, Crude Fibre 19%, Crude Ash 7.5%, Calcium 0.9%, Phosphorus 0.5%, Sodium 0.14%. **Composition:** Grass Meal Blend (23.5%), Oatfeed, Wheat, Soya Bean Hulls*, Dried Peas, Yeast (Brewer's Yeast and Grains), Dried Lucerne (1%), Soya Oil*, Dicalcium Phosphate, Calcium Carbonate, Wheat Feed, Monocalcium Phosphate, Short Chain Fructo-Oligosaccharides (0.25%), Salt, Dried Nettle (0.2%), Dried Lemon Balm (0.2%), Dried Dandelion (0.2%). *Produced from genetically modified soya.

EXCEL LIGHT RABBIT NUGGETS

Vets are seeing a growing number of overweight rabbits, usually as a result of poor diet and lack of exercise. Those extra pounds put a strain on a rabbit's health and can lead to severe illnesses. Excel Light Nuggets is a complementary food to help to promote lean body mass.

- High in Beneficial Fibre (40%)
- Prevents selective feeding
- Unique, weight control formula to help promote lean body mass
- Contains prebiotics to help support digestive health
- Fortified with vitamins and minerals to help support healthy eyes, skin and coat
- Contains antioxidants to help support the immune system

Analytical Constituents: Beneficial Fibre 40%, Crude Protein 13%, Crude Fat 3%, Crude Fibre 19%, Crude Ash 7.5%, Calcium 0.8%, Phosphorus 0.5%, Sodium 0.17%. **Composition:** Grass Meal, Wholegrain Wheat, Oatfeed, Soya Bean Hulls*, Wheat Feed, Dried Peas, Yeast (Brewer's Yeast and Grains), Dried Mint (1%), Dried Beet Pulp, Soya Oil*, Dicalcium Phosphate, Monocalcium Phosphate, Calcium Carbonate, Short Chain Fructo-Oligosaccharides (Prebiotic Fos 0.4%), Salt, Lignocellulose, Mono Di And Tri Glycerides Of Fatty Acids. *Produced from genetically modified soya.

EXCEL MATURE RABBIT NUGGETS

Our delicious, high fibre Mature Rabbit Nuggets with Cranberry & Thyme is a complementary food to supplement your rabbits' diet with vitamins and minerals and prevents selective feeding. Suitable for older rabbits aged 5 years+

- High in Beneficial Fibre (40%)
- Prevents selective feeding
- With glucosamine to help support healthy joints
- Cranberry is a great source of antioxidants
- Contains prebiotics to help support digestive health
- Fortified with vitamins and minerals to help support healthy eyes, skin and coat
