BURGESS PET CARE

A BRITISH FAMILY COMPANY

Burgess Pet Care is a British family company with a 300- year heritage. With our passion and expert knowledge we have been able to develop high quality and nutritious foods for a variety of animals from dogs to hamsters.

Our Excel brand was established in 1998 when we became the first company to manufacture single component extruded nuggets for rabbits. In 2014 we supported research by the University of Edinburgh which highlighted the impact muesli style diets on the health and welfare of rabbits. As a result of this research we no longer manufacture any muesli style diets for all animals.

RABBIT & GUINEA PIG AWARENESS WEEKS

Since 2006 for Burgess Pet Care, along with our partners run a Rabbit Awareness Week campaign which helps to educate rabbit owners and potential owners about the welfare needs of these wonderful animals. Following on from success of RAW we launched GPAW in 2021.

MEADOW HAY & TIMOTHY HAY

HIGH QUALITY BRITISH GROWN HAY
FOR RABBITS, GUINEA PIGS & CHINCHILLAS

**4.5KG
HAY!**

**100%
NATURAL**

**GOOD FOR
DENTAL
HEALTH**

**HIGH IN
FIBRE**

**HELPS TO
PREVENT
BOREDOM**

**DUST
EXTRACTED**

THE EXCEL FEEDING PLAN

RABBITS, GUINEA PIGS AND CHINCHILLAS ARE CLASSED AS FIBREVORES AND REQUIRE A DIET HIGH IN FIBRE. THERE ARE 5 COMPONENTS THAT MAKE UP THESE ANIMAL'S DAILY FOOD INTAKE AND THEY ARE EXPLAINED USING OUR 5 STEP FEEDING PLAN. FOLLOW THIS AND YOU CANNOT GO WRONG!

**FEEDING
HAY**

EXCEL FEEDING HAY & GRASS

High-quality, dust extracted feeding hay or fresh grass should make up 85-90% of your Fibrevore's diet. You should make sure that this is freely available and replenished daily.

**EXCEL
NUGGETS**

EXCEL TASTY NUGGETS

Should be fed as a supplement alongside feeding hay or fresh grass to ensure Fibrevores get all the minerals they need. Where possible you should choose a nugget that is suited to your animals life stage and these should make up around 5% of their daily food intake.

**NATURE
SNACKS**

EXCEL NATURE SNACKS

Natural snacks can be fed in small amounts either by hand to help with bonding, left in their housing to keep your animals occupied or sprinkled through feeding hay to encourage foraging.

**FRESH
GREENS**

FRESH GREENS

Fresh greens can be fed as a treat to add variety and to provide additional nutrition. Rabbits, Guinea Pigs and Chinchillas* can eat a range of fresh vegetables and fruits. Fresh greens should make up around 5% of their daily food intake.

*Too much fresh material may lead to digestive issues in chinchillas. Always ensure you introduce it gradually and feed in very small amounts.

**FRESH
WATER**

FRESH WATER

Fresh water should always be available. This can be provided in both a bowl and/or a bottle. Change it daily and ensure it hasn't frozen in winter months or got too hot in summer months.

EXCEL RABBIT NUGGETS

EXCEL JUNIOR AND DWARF RABBIT NUGGETS WITH MINT

A delicious, complementary food for young rabbits which is also perfect for dwarf rabbits, packed with nutrients suited for your rabbits' faster metabolism. It's high in protein and fibre, and rich in nutrients for strong, happy, healthy rabbits.

- High in Beneficial Fibre (36%)
- Prevents selective feeding
- Fortified with vitamins and minerals to help support healthy eyes, skin and coat
- Contains prebiotics to help develop young digestive systems
- Essential amino acids for growing rabbits
- Higher protein to help support muscle development
- Higher nutrient levels tailored to faster metabolisms
- Contains antioxidants to help support the immune system

Analytical Constituents: Beneficial fibre 36%, Crude Protein 16%, Crude Fat 4%, Crude Fibre 17%, Crude Ash 7.5%, Calcium 0.8%, Phosphorus 0.5%, Sodium 0.2%. **Composition:** Grass Meal, Wholegrain Wheat, Soya Bean Hulls*, Wheat Feed, Oatfeed, Soya Bean Meal Feed Dehulled*, Yeast (Brewer's Yeast and Grains), Dried Lucerne, Dried Mint (1%), Soya Oil*, Calcium Carbonate, Monocalcium Phosphate, Salt, Dicalcium Phosphate, Short Chain Fructo-Oligosaccharides (Prebiotic FOS; 0.3%), Lignocellulose. *Produced from genetically modified soya.

EXCEL ADULT RABBIT NUGGETS WITH MINT

A delicious, complementary food for adult rabbits that's high in fibre and rich in nutrients. Excel Tasty Nuggets prevent selective feeding where the rabbit picks out the sweet, high sugar elements of the diet and leaves the nutritious and fibre rich elements.

- High in Beneficial Fibre (39%)
- Prevents selective feeding
- Contains a prebiotics to help support digestive health
- Fortified with vitamins and minerals to help support healthy eyes, skin and coat
- With mint for extra tastiness
- Contains antioxidants to help support the immune system

Analytical constituents: Beneficial fibre 40.5%, Crude protein 12%, Crude oils and fats 3%, Crude fibre 21%, Crude ash 6%, Sodium 0.14%, Calcium 0.8%, Phosphorus 0.5% **Composition:** Grass meal, Wholegrain Wheat, Soya bean hulls*, Oatfeed, Wheat feed, Lignocellulose, Yeast (Brewer's Yeast and Grains), Dried Lucerne, Dried mint (1%), Soya oil*, Dicalcium phosphate, calcium carbonate, Short chain fructo- oligosaccharides (Prebiotic FOS 0.25%), Salt. *Produced from genetically modified soya.

EXCEL ADULT RABBIT NUGGETS WITH OREGANO

A delicious, complementary food for adult rabbits with added oregano for extra taste and additional health benefits. High in Beneficial Fibre and rich in nutrients it helps maintain digestive health.

- **High in Beneficial Fibre (39%)**
- **Prevents selective feeding**
- **Contains a prebiotics to help support digestive health**
- **Fortified with vitamins and minerals to help support healthy eyes, skin and coat**
- **With oregano for extra tasty nuggets**
- **Contains antioxidants to help support the immune system**

Analytical Constituents: Beneficial fibre 39%, Crude Protein 13%, Crude Fat 4%, Crude Fibre 19%, Crude Ash 7.5%, Calcium 0.8%, Phosphorous 0.5%, Sodium 0.7%. **Composition:** Grass Meal, Wholegrain Wheat, Oatfeed, Soya Bean Hulls*, Wheat Feed, Dried Peas, Dried Lucerne, Yeast (Brewer's Yeast and Grains), Soya Oil*, Dicalcium Phosphate, Calcium Carbonate, Monocalcium Phosphate, Salt, Short Chain Fructo-Oligosaccharides (Prebiotic FOS 0.25%), Lignocellulose, Dried Oregano (0.06%). *Produced from genetically modified soya.

EXCEL INDOOR ADULT RABBIT NUGGETS

While indoor rabbits might roam the lounge rather than the great outdoors, they still need to get all the nutrients from their diet that a rabbit would find grazing in the wild. With vitamin D, dandelion and nettle, our Indoor Rabbit Nuggets have been specifically formulated for your rabbits' needs. These tasty nuggets should be fed as part of the vet recommended Excel Feeding Plan to ensure your rabbits get all they need to help them stay happy and healthy.

- **Prevents selective feeding**
- **High in Beneficial Fibre (40%)**
- **Contains prebiotics to help support the immune system and healthy gut bacteria**
- **With vitamin D to help support healthy skin, teeth and bones**
- **Nettle and dandelion are great sources of vitamins and minerals which help support all round health**

Analytical Constituents: Beneficial Fibre 40%, Crude Protein 14%, Crude Fat 4%, Crude Fibre 20%, Crude Ash 7.5%, Calcium 0.8%, Phosphorous 0.5%, Sodium 0.16%. **Composition:** Grass Meal, Wholegrain Wheat, Oatfeed, Soya Bean Hulls*, Sunflower Seed Meal, Yeast (Brewers Yeast and Grains), Soya Oil*, Calcium Carbonate, Dicalcium Phosphate, Monocalcium Phosphate, Salt, Short Chain Fructo-Oligosaccharides (Prebiotic FOS 0.25%), Dried Nettle (0.2%), Dried Dandelion (0.2%). *Produced from genetically modified soya.

EXCEL RABBIT NUGGETS

EXCEL NATURE'S BLEND ADULT RABBIT NUGGETS WITH HEDGEROW HERBS

A mix of nutritious grasses and vitamin rich hedgerow ingredients, Excel Nature's Blend Nuggets are made with our unique blend of grass, herbs, plants and other forage ingredients, to replicate your rabbits' natural foraging.

- Prevents selective feeding
- High in Beneficial Fibre
- Lucerne extract helps to support eye health
- Contains a prebiotics to help support digestive health
- Made with extra tasty hedgerow herbs including nettle, dandelion and lemon balm

Analytical Constituents: Beneficial Fibre 37%, Crude Protein 12.5%, Crude Fat 3.5%, Crude Fibre 19%, Crude Ash 7.5%, Calcium 0.9%, Phosphorus 0.5%, Sodium 0.14%. **Composition:** Grass Meal Blend (23.5%), Oatfeed, Wheat, Soya Bean Hulls*, Dried Peas, Yeast (Brewer's Yeast and Grains), Dried Lucerne (1%), Soya Oil*, Dicalcium Phosphate, Calcium Carbonate, Wheat Feed, Monocalcium Phosphate, Short Chain Fructo-Oligosaccharides (0.25%), Salt, Dried Nettle (0.2%), Dried Lemon Balm (0.2%), Dried Dandelion (0.2%). *Produced from genetically modified soya.

EXCEL LIGHT RABBIT NUGGETS

Vets are seeing a growing number of overweight rabbits, usually as a result of poor diet and lack of exercise. Those extra pounds put a strain on a rabbit's good health and can lead to severe illnesses. Excel Light Nuggets help to promote lean body mass.

- High in Beneficial Fibre (38%)
- Prevents selective feeding
- Unique, weight control formula to help promote lean body mass
- Contains a prebiotics to help support digestive health
- Fortified with vitamins and minerals to help support healthy eyes, skin and coat
- Contains antioxidants to help support the immune system

Analytical Constituents: Beneficial fibre 40%, Crude Protein 13%, Crude Fat 3%, Crude Fibre 19%, Crude Ash 7.5%, Calcium 0.8%, Phosphorus 0.5%, Sodium 0.17%. **Composition:** Grass Meal, Wholegrain Wheat, Oatfeed, Soya Bean Hulls*, Wheat Feed, Dried Peas, Yeast (Brewer's Yeast and Grains), Dried Mint (1%), Dried Beet Pulp, Soya Oil*, Dicalcium Phosphate, Monocalcium Phosphate, Calcium Carbonate, Short Chain Fructo-Oligosaccharides (Prebiotic FOS 0.4%), Salt, Lignocellulose, Mono Di and Tri Glycerides of Fatty Acids. *Produced from genetically modified soya.

EXCEL MATURE RABBIT NUGGETS

Our delicious, high fibre Mature Rabbit Nuggets with Cranberry & Thyme supplement your rabbits' diet with vitamins and minerals and prevents selective feeding. Suitable for older rabbits aged 5 years+

- High in Beneficial Fibre (38%)
- Prevents selective feeding
- With glucosamine to help support healthy joints
- Cranberry is a great source for antioxidants
- Contains a prebiotics to help support digestive health
- Fortified with vitamins and minerals to help support healthy eyes, skin and coat
- Contains antioxidants to help support the immune system

Analytical Constituents: Beneficial Fibre 40%, Crude Protein 13%, Crude Fat 3%, Crude Fibre 19%, Crude Ash 7.5%, Phosphorus 0.5%, Sodium 0.17%. **Composition:** Grass Meal, Oatfeed, Wholegrain Wheat, Soya Bean Hulls*, Wheat Feed, Dried Peas, Yeast (Brewer's Yeast and Grains), Dried Beet Pulp, Dried Thyme (1%), Soya Oil*, Dicalcium Phosphate, Lignocellulose, Monocalcium Phosphate, Calcium Carbonate, Short Chain Fructo-Oligosaccharides (Prebiotic FOS 0.4%), Salt, Mono Di and Tri Glycerides of Fatty Acids (0.2%), Dried Cranberry (0.06%), Glucosamine (0.04%). *Produced from genetically modified soya.

EXCEL RAT NUGGETS

Burgess Excel Rat Nuggets are a great, complete food that when fed alongside a continuous supply of clean, fresh water offers your rats all they need in order to stay happy and healthy. If they are given the opportunity rats may selectively feed, meaning that they only eat parts of the muesli style diet they like, so it's important that you feed them a balanced nugget rather than a muesli style diet.

- **Contains prebiotics to help support healthy digestion**
- **Prevents selective feeding**
- **Added linseed to help to maintain a healthy skin and coat**
- **With balanced protein to help support healthy growth**

Analytical Constituents: Crude Protein 13%, Crude Fat 4.5%, Crude Ash 5.5%, Calcium 0.75%, Phosphorus 0.57%. **Composition:** Rice, Wholegrain Wheat (20%), Wholegrain Maize, Wheat Feed, Oatfeed, Soya Bean Meal*, Beet Pulp, Poultry Meal, Yeast (Brewer's and Grains), Minerals, Poultry Gravy, Linseed (1%), Poultry Fat, Short Chain Fructi-Oligosaccharides (0.25%).
